Auctioneer:
C. K. Booth

**Lunch will be available
at the ranch sale day.**

Sale Headquarters:
Chateau Motor Inn
Yukon, Oklahoma
(at the intersection of
Highway 66 and Highway 4)

Saturday, Oct. 26 - 12:30 p.m.
Yukon, Oklahoma

The sale to be held at the Vic Taylor residence located 5 miles north of Yukon on Highway 4 then 5 miles west. Or, off of Interstate 40 coming from the west, take the Banner Exit north 5-1/4 miles, then 3/4's mile east.

7T's Polled Shorthorns

Vic and Donna Taylor
and the other 5 T's
Rt. 2, Box 75
Yukon, Oklahoma
405-354-2868

Woodbrook Polled Shorthorns

Jack Trogon
Billings, Missouri
417-732-7553

Selling 74 Lots:

- 2 Herd bulls. Kinnaber Leader Gene 5th and Butte Lee Leader's Image. Both of these herd bulls were in the top 10 on the A.S.A. sire of the year program in 1973.
- 13 Cows with heifer calves. Most of the heifer calves are sired by Leader Gene 5th or 7T's King George.
- 15 Cows with bull calves. Many herd sire prospects will be offered off their dams sired by Clipper King of USAx, 7T's King George and Kinnaber Leader Gene 5th.
- 10 Cows to calve prior to sale day.
- 19 Bred cows.
- 3 Open heifers.
- 12 Shorthorn bulls. Several herd bull prospects plus big, rugged commercial bulls will be offered.

GENERAL SALE INFORMATION

TIME, PLACE AND LOCATION: Saturday, October 26, 12:30 p.m. at the Vic Taylor residence in Yukon, Okla., located 5 miles north of Yukon, Okla., on Highway 4, then 5 miles west. Or, if you are traveling from the west on I-40, take the Banner Road Exit and travel 5-1/4 miles north, then 3/4's of a mile east.

TRANSPORTATION: Commercial airline service is available to Oklahoma City at either the Will Rogers or the Wiley Post airfields. With prior notice your plane will be met there and transportation to the sale location will be arranged.

TELEPHONE: Calls may be placed to the sale location on sale day by dialing 405/354-2868.

SALE HEADQUARTERS: The Chateau Motor Inn, Yukon, Oklahoma, located at the intersection of Highway 66 and Highway 4 is designated as the sale headquarters.

STANDARD GUARANTEE of the American Shorthorn Breeding Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of

sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.

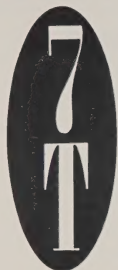

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.

5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.

6. All animals are sold to comply with the laws regulating tuberculosis and bang's disease of the state or country into which they may be shipped.

7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing name and record numbers of sire and dam, as well as service date.

8. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animals are bid off.

Seven T's Polled Shorthorn

Herd Sires:

Clipper King of U.S.A. A.A.A.

Kinnaber Leader Gene 5th
Butte Lee's Leader Image

Vic and Donna Taylor
and the other five T's
Rt. 2, Box 75
Yukon, Okla.
354-2868

Dear Friends,

After much thought and a few sleepless nights, we have made a decision that wasn't easy. I have become more involved in the banking business and Donna is working also. Added to this, Connie, our last child, is a freshman in college this year, and Mark has taken a position with the Limousin Association. Ken and Teresa are married and our oldest, Steve, is a corrections officer. In short, we don't have the time nor the help any longer.

We are offering for sale two major herd sires in the Shorthorn business. Kinnaber Leader Gene 5th has sired some tremendous calves. You may remember them in our show string. He has size and bone and is a very correct bull. He has passed all of these features on to his calves. He is a tremendous bull.

Butte Lee Leader's Image has been All American twice and has sired several All Americans, including the 1973 All American Get-of-Sire. He too has size and bone but the proof of his quality shows up in his calves.

The cows we are offering are a real good set of cows. Out of these cows came the champion female of the Texas Junior shows, the grand champion steer of Oklahoma, champion junior female in Iowa. Many of our All Americans were produced by these same cows.

We have maintained a federally accredited clean herd for the last five years and we carry on an intensive vaccination program. Everything has been vaccinated with double Lepto, vibriosis vaccine and blackleg. Added to this they have all had vitamins A, D, and E.

We would like to invite all of our old friends and customers and hope to make a lot of new friends and customers. Come to Seven T's on October 26. We'll be here to welcome you.

Vic and Donna Taylor

5 Mi. North on Hiway 4 and 5 Mi. West of Yukon, Okla.

GLOSSARY OF THE SALE

Listed below are the descriptions and definitions of the terms that are used in this sale catalog and will be used from the auction block sale day. Please read them closely so that you will be familiar with the meaning of all terms used in the sale.

OPEN - Definition - This is a virgin heifer that has never been exposed to any bull by any means or in the case of a cow, she has not been exposed to a bull by any means since the birth of her last calf.

BRED - Definition - Female has been served by a bull or artificially inseminated to a bull but does not mean this female is safe in calf to that service.

PASTURE EXPOSED OR PASTURE BRED - Definition - Female has been running in the pasture with the bull and has been exposed to the bull for the period of time as stated but does not necessarily mean that this female is safe in calf.

SAFE IN CALF - Definition - Female has been palpated and diagnosed pregnant at the date of examination by a licensed veterinarian as per the accompanying signed veterinarian certificate.

FERTILITY TESTED - Definition - Bull's semen has been tested by a licensed veterinarian or a recognized A.I. breeding center and he is considered a satisfactory breeder as per the accompanying signed veterinarian certificate.

HEALTH PAPERS - Definition - Proper health papers furnished on all animals in the sale resulting from T.B. and Bangs test.

a. T.B. TEST - Animals have been tested for T.B. and found negative within thirty (30) days of sale, both males and females with the exception of young calves.

b. BANGS TEST - Animals have been tested by licensed veterinarian and have met the requirements for a negative test of the state in which animal sells. This includes all males and females except those exempted from this test due to age and calfhood vaccination

BREEDER - The owner or lessee of the dam at the time the dam was served to produce the calf.

OWNER - The individual, partnership or corporation in whose name an animal is registered.

ROUTE 4 • FREDERICK, OKLA. 73542 • 405/335-3006

Dear Cattlemen,

It is with pleasure that we welcome you to the Reduction Sale of these two Shorthorn herds that have contributed greatly to the registered Shorthorn business in recent years.

The Taylor family as well as the Trogon family have respectively been indeed dedicated to the Shorthorn breed and have aggressively promoted Polled Shorthorns throughout the entire United States at national and state sponsored shows and sales.

The two herds have constantly stayed abreast of the times in regard to breeding modern-day Shorthorn cattle, and certainly their past record of class winners as well as show winners in recent years is unsurpassed.

The sale offering is made up of big framed, useful type Shorthorn females and a real top set of rugged herd heading herd bull prospects.

Make plans now to be in Yukon, Oklahoma, on October 26 for this eventful day in the Shorthorn industry.

If we can accommodate you in any way concerning this particular sale, please feel free in calling.

Sincerely,
Bruce

One of the outstanding bulls to show as a spring yearling in 1970. He was heaviest spring yearling to be weighed at the National Western to this date. He showed well and has produced well. He has produced 5 All Americans and his senior get was All American this year. He was named Leader's Image because he more closely carried the old Leader 21's traits than any of his other sons. One of the top ten sires for the last 2 years.

A son of Image - a top seller in the Polled Congress, 1973. ↑

Two sons of Image - first place pair of bulls at Denver and K. C. Royal.

Reference Herd Sire

KINNABER LEADER GENE 5th

His get and service will be a feature of this dynamic Shorthorn Reduction Sale. His progeny have been show toppers throughout the land for the 7T's Shorthorn herd, and his progeny will no doubt be a feature of the sale.

Kinnaber Leader Gene 5th - 2/3 interest. Because Kinnaber Farms felt he was the best son that Leader 9th had produced, they retained 1/3 interest in him. It is with deepest regret that we sell him at this time. He is an exceptional breeder. He is listed in the top 10 sires of the year. All the young heifers in our 1973 show string were from this bull. Many of the calves in this sale are by him.

This fancy daughter of Kinnaber Leader Gene 5th was an undefeated junior calf in 1973.

Kinnaber Leader Gene 5th as shown as a yearling in 1971.

This fine heifer calf, sired by Elms Villa Bullet, sells as Lot 3.

Lynnwood Policy
Lynnwood Rothes Queen 3d

We bought this cow private treaty from the Sutherland herd. We felt she was one of the best Captivator daughters and she has proven herself through her performance. We have never had a show string out that didn't have one of her daughters or sons or a granddaughter or grandson. There would be no way to buy her if we weren't cutting our numbers so drastically. She has a February heifer calf selling separately. If we were showing, she would be our junior heifer calf. This cow is pasture exposed from February 25 to March 25 to King George, from April 3 to Aug. 1 to Herbourne Buster.

Lot 6A. Heifer calf, tattoo RE T245, named Seven T's G Rothes Queen, calved February 25, 1974, sired by Seven T's King George. She is an outstanding daughter of Seven T's King George. If we were showing, she would be our junior heifer calf. She is out of Sutherland Rothes Queen 2nd, one of our best producers of show winners.

This outstanding 7T's show heifer reveals the quality and the frame of their Shorthorn cattle. Many of the heifer calves to sell alongside their dams will make excellent show heifer prospects.

The Cherry family is one of the top families the Haumont's bred. She was another top seller in the Hollyshire Dispersion. She has a roan December bull calf that sells separately. She sells bred to King George.

Lot 16A. Bull calf, tattoo RE T263, named Seven T's King Boris x3560-472, calved December 14, 1973, sired by Clipper King of U S A. The Haumont, Clipper King breeding has been our best cross. This may be one of the last chances to buy this breeding since Clipper King died in March. He's a top prospect for a senior bull calf. He'll make a real top herd sire.

A Clipper King daughter. Her mother was a mutation, a polled female born of two horned parents that never produced anything but polled calves. She has a real good December 5 roan bull calf by Kinnaber Leader Gene 5th. She is bred back to him. The calf sells separately.

Lot 17A. Bull calf, tattoo RE T217, named Seven T's Pinnacle x3560-506, sired by Kinnaber Leader Gene 5th. A very modern son of Leader Gene 5th. A very good show prospect and herd sire material.

Her first calf was a heavy muscled bull calf that went to H. A. VanSant. Peg Allen commented that this was the kind they liked to raise in their rugged Montana country. She has a red January bull calf this year that sells separately. She was pasture exposed to Clipper King of USA from January 15 to March 25 and to Herbourne Buster from April 5 to July 3.

Lot 19A. Bull calf, tattoo RE T256, named Seven T's King Johnathan x3560-479, calved January 17, 1974, sired by Clipper King of U S A. A bull calf with lots of bone and muscling. He'll be a good one.

and the other five T's
Rt. 2, Box 75
Yukon, Okla.
354-2868

November 1, 1974

Dear Dr. Neely,

Thank you for your interest in our sale. We are sorry you got a defective catalog. I hope you are correct in thinking you were the only one to receive one like that.

Our sale was satisfactory. We figured our own average without the Woodbrook cattle and on 60 lots, we averaged \$750. Our cow calf pairs sold well. Ten pairs went for over \$1000 and averaged \$895. Bull sales are down all over the country. Ours averaged \$715.

We aren't out of the business. We have left 42 cows and 2 great bulls in Herbourne Buster and King George. These cows could be as good a herd as there is in the country. We hope to be backshowing one of these days, when we can work it out. We plan to be at the top of the heap again.

We Hope we can meet you someday. We're always anxious to meet good Shorthorn people.

Sincerely,

Vic & Donna
